Full-Stack Developer | React, Next.js, Node.js and Python

SUMMARY

Delhi-based full-stack developer and current MCA student with founder experience delivering React and Next.js applications, Node.js and Python services, REST APIs, authentication, Firebase, and production deployments.

EXPERIENCE

Founder and Executive Director · Chaotic Tech Private Limited, KAOSLY

Mar 2026 – Present

Delhi, India

- Led full-stack development of KAOSLY, shipping 129 application and API routes with Next.js 15, TypeScript, and Firebase.
- Built feeds, media tools, communities, messaging, WebRTC streaming, payments, payouts, and four Gemini and Genkit AI flows.
- Deployed a Firebase PWA and Android trusted web activity and managed authentication, security rules, Cloud Functions, CI/CD, and production debugging.

Intern · Bretton Woods Finlease Limited

May 2024 – Jun 2024

India

- Built responsive HTML, CSS, and JavaScript pages with database integration, an NLP chatbot, and a test server for website evaluation.

Intern · Behtar Zindagi Pvt Ltd

Jul 2024 – Aug 2024

India

- Delivered frontend, data-visualisation, and response-status checking assignments for a production-oriented web team.

PROJECTS

Dolphin Waterpark · Private operational software project

Next.js, Firebase, TypeScript

- Developed an operational platform for QR ticketing, point of sale, rentals, coupons, staff workflows, billing, and reporting.

KAOSLY AI · Personal product project

React, TypeScript, Tauri, Python

- Built a multi-provider AI workspace for web and Windows with chat, agent workflows, provider settings, scoped files, previews, and approval flows.
- Normalized tool calls, added permission gates, separated browser sandboxing from native execution, and covered core behavior with 294 automated tests.

EDUCATION

Master of Computer Applications

2026 - Present

University School of Information, Communication and Technology, Guru Gobind Singh Indraprastha University

Currently enrolled.

Bachelor of Computer Applications

2022 - 2025

Maharaja Surajmal Institute

CGPA 7.81/10, First Division. Coursework includes Data Structures, DBMS, Software Engineering, Cloud Computing, and Machine Learning with Python.
